RALSTON'S DEATH CAUSED BY APOPLEXY.

FUNERAL MONDAY, 11 O'CLOCK, A. M.

FLAGS AT HALF MAST.

SAN FRANCISCO, Aug. 28.

The Coroner's inquest was held to-day over the body of the late W. C. Ralston. After examining a number of witnesses the jury adjourned until Tuesday. From the testimony it appears he was perspiring freely when preparing for the bath. The man in charge of the house remonstrated with him, cautioned him against entering the water while heated. Ralston replied he would dry himself and take a shower before going into the bay. It is the opinion of the physician who was called at the time that he had died in an apoplectic fit while in the water. His face was livid, eyes glassy and pupils dilated.

Ralston's funeral has been postponed until Monday, owing to the prostration of his brother, A. J. Ralston, at Virginia city, and his consequent inability to reach San Francisco sooner.

The funeral services will be from Calvary Church, at 11 o'clock, A. M.

Flags all over the city and from the shipping in the harbor are at half mast.

Ralston's death, it is thought, will not complicate bank affairs, but will probably delay a statement somewhat, owing to his intimate knowledge of the affairs of the bank.

The feeling in commercial circles is very confident, as it is believed that next Monday (collection day) will pass without further failures, as there is a strong disposition manifested among the business men to help each other.

THE FINANCIAL SITUATION.

The panic has ended and it now only remains to pick up the dead and wounded. In San Francisco yesterday the excitement had greatly subsided and there were no "runs" on any of the banks. We take it that the following dispatch will explain the main cause of renewed confidence on the part of depositors:

WASHINGTON, August 27.—Heavy transfers of gold to California are being made by the Treasury to-day, in support of the banks of that State. Upon official notification being received at the Department that agencies of the banks have deposited gold with the Assistant Treasurer at New York, instructions are sent to San Francisco placing credits to the respective banks making such deposits in New York. Thus far over a million dollars have been transferred.

The "run" on the London and San Francisco Bank was no doubt stopped by this means, for shortly after it commenced a cart dumped up to a side door with half a million dollars, and the people finding their money was ready for them, didn't want it. As regards the financial prospect, in the best-informed circles it is believed all the banks will go on without further trouble, and that the National Gold Bank and Trust Company and Merchants' Exchange Bank will resume on Monday. Many rumors are current as to the condition of the Bank of California. One statement—apparently from good authority—is that the bank will pay depositors in full and sixty cents to stockholders. On the other hand, a prominent stockholder states that the most the bank can do will be to satisfy depositors, and scarcely that.

THE BAR-TENDER'S STRATAGEM.

Getting Rid of a Dead Beat—How an Unwelcome Guest was Disposed Of.

A correspondent, who vouches for its truth, sends the *Silver State* the following:

Charley Doyle, who clerked at the Carlin Hotel two or three years, subsequently tending for Chamberlain at Reno. Charley is quite a character in his way—fond of his 'tod' and a practical joke. In the execution of the latter he was good—might be considered a professor. At one time there was a person stopping at the hotel; a man who never missed a meal and never paid a cent; was always ready to take a drink when invited, and frequently prevailed on Charley to stand treat. The host began to 'scour,' and Charley knew he had to rid the house of the unwelcome guest. He struck upon a plan without much deliberation; called his man to one side, and with an honest expression on his face said: 'I've got a stiff.' 'A what,' says Mr. Bum. 'A stiff, I tell you. There was a man buried here to-day, who requested before his death that his jewelry and other valuables should be buried with him. His request was complied with; and there lies the old stiff in the cemetery with several hundred dollars in money and jewelry on his person. It is a shame that so much money should be thrown away, while there are so many poor cusses who are in need of it.' Charley asked Mr. B. to take a drink, and resumed, 'I am going up there to-night to disinter the body and get the valuables, and I want help.' It is needless to say that Mr. B. fell into the trap instantly. An understanding was arrived at as to the division of the spoils, time of starting, tools, etc. In the meantime Charley's confederates were informed; eight or ten of them were to follow with shotguns and pistols, and station themselves about a hundred yards apart on the road leading to the cemetery. Nine o'clock came, and Charley and his friend, armed with shovels, left town stealthily and proceeded to the quiet city of the dead. They soon found the new-made mound and commenced operations—not singing and throwing up skulls like the grave-diggers in Hamlet did, but silently, without a word. They hadn't fairly raised a perspiration, when a shot was fired in close proximity. 'What's that?' said B. Charley gave a deep groan and fell heavily to the ground. 'Oh, I'm shot, I'm killed.' Mr. B. dropped his spade, took a full breath and started for town on a lope. He had not gone but a short distance when another shot was fired from the roadside close to his heels. He gave a terrible spring and fairly flew. Bang! bang! went the guns at intervals of about half a minute, which was conclusive evidence to Charley on the cemetery hill of the course Mr. B. had taken. He missed the bridge and went sprawling into the Auburn Company's mill-race. He scrambled out on the opposite side and just as he reached the embankment another shot was fired, which set him going with renewed energy toward town. He did not stay there. He was last seen at Huffaker's on his way to Steamboat Springs. Chamberlain's boarders lost a familiar face, and his account was balanced by profit and loss.

A DROP of prespiration has caused a terrible explosion in the Pyrotechnic School at Toulon. A naval lieutenant was filling bottles with dynamite, gun cotton and phosphorate of calcium, and the story is that a drop of prespiration from his forehead falling under certain conditions, on matter not explosive without contact with water, produced the catastrophe. At any rate, three persons were killed on the spot.

GENERAL SPINNER'S father was a German priest, his mother a German nun; but somehow love slipped into the cloister and abbey and triumphed over monastic vows. Although the civil laws of their native country sanctioned their marriage, their church forbade it, so they emigrated to America, and settled in Herkimer county, New York, where the General was born.

PRESIDENTIAL.—The Springfield *Republican* thinks Tilden and Bristow are the two strongest Presidential names that have yet, or can be, named, the former as the Democratic candidate and the latter as the Republican.

Third Assistant Postmaster General Barber estimates the consumption of postal cards for the present fiscal year at 120,000,000.

THE Alta Silver Mining Company has levied an assessment of 50 cents per share, delinquent September 27.

NEVER waste a fly in huckleberry season. One fly in a plate of huckleberries contains more nutriment than three berries.

"SLIM JIM" AND HIS "PAL."—A few days since two men, recently from the East, happened to make the acquaintance of "Slim Jim" and another gambler, and were robbed of their money in the usual way. Last Friday the men were coming up from San Francisco on the passenger train, and when a short distance this side of Stockton they discovered Jim and his "pal" in one of the cars, and went for them. The gamblers took to their heels and, though the train was running at a good rate of speed, jumped off and escaped the proposed punishment. Saturday the same men left Sacramento, Eastward bound, on the freight train. At Arcade, who should board the train but Jim and his comrade. As they entered the train a mutual recognition took place, and the "sports" fled through the car, climbed over several freight cars, closely pursued by their victims, the train men and passengers looking on astonished, and finally performed their feat of the day before, jumping a car and performing innumerable somersaults, such lively evolutions nearly jerking their heads off.

A RUMOR got started yesterday that Senator J. P. Jones was seriously affected by the suspension of the Bank of California. A representative of the *Alta*, calling upon him last evening, found him at his rooms in the Occidental Hotel, serenely enjoying a fragrant Havana and entertaining a company of friends with his sage reflections upon the philosophy of banking in general. He said he did not owe the Bank anything, neither did the Bank owe him. He was not affected by its suspension in any way, except so far as stocks might be temporarily depressed in values, which troubles would soon be over. He regreted the disaster which had occurred, and thought it was a severe blow to the people, who had such a kind regard for the Bank. He was amused at the stories afloat about himself, and said that his bank—meaning his private safe—was open at all hours for creditors to draw upon, and no run had yet been made upon it. "Moreover," he remarked, "I've got a million dollars worth of real estate within a stone's throw of this place, and I haven't yet heard of any one putting an attachment upon it."—*Alta, of Thursday.*

CENTENNIAL LECTURE.—We are informed that Governor Bradley has appointed Tom Williams, of Oakland, California, to deliver the address for Nevada at the Centennial exhibition. A resident of Nevada would perhaps have pleased the people better, and having orators in our midst of so much more ability than Mr. Williams, his appointment looks, to say the least, a little peculiar.—*Carson Tribune of Thursday.*

A New York paper estimates the cost of a respectable funeral in that city at $2,191. A man of sense will look at the figures a long time before he will consent to play the leading character at a New York funeral.

THE pull-back style of dress resembles very much the custom of one of those old time goddess driving a chariot over the cobblestone looking streets of the clouds.

MARBLE, Wood, Stone and Gould are among New York's newspaper owners. All the Brass is in the interviewers.

LITTLE CHARLIE ROSS.—The last and best report concerning the abducted child comes from the Jersey City *Argus*. Its truth, however, will be doubted until it has further information. The rumor is to the effect that the boy has been recovered and is at home with his parents in Germantown. The *Argus* asserts that its intelligence is reliable, but the family has kept the matter a secret to avoid intrusion. The country at large will hope that the *Argus* is not mistaken.

THE WEEKLY JOURNAL.

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at $4.00 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

SELLING OFF AT COST.—Mrs. McNeeley offers her entire stock of goods for sale, at cost, for cash. The ladies of Reno and vicinity will do well to call early and secure bargains, which will be had for cash.*

Mother Shipton who wrote execrable verses but admirable prophesy, four hundred years ago, who predicted telegraphy, steam, iron-clads, tunnels, ballons and even the Keely motor, also asserted that the world would end in 1881, six years hence.

Panic at Reno.—The excitement at Reno last evening was intense over the news of the closing of the Bank of California. The only banking institution there suffered terribly. The depositors made run on it, and drew therefrom as nearly as could be ascertained the enormous sum of $350.

We clip the above from the Gold Hill *News* of Thursday evening. We have only to say that Reno has *two* banking institutions, and that they stand ready to pay all demands as presented. And instead of remaining open only six hours per day, *a la* Bank of California, they remain open about 12 hours every day. Don't grow sarcastic Mr. *News* over our local banks. They are *good*, if they are little.

An independent newspaper reader likes to have his own journal and pay for it out of his own pocket like a little man. When you read your neighbor's paper, somehow or other it is not satisfactory. A paper is in some respects like a wife. Every man should have one of his own.

Personal.—Mr. Fisk, the supposed new Superintendent of the Consolidated Poo arrived here yesterday.

Sam Jones, Capt. Sam Curtis, Capt Taylor and Gen. E. S. Davis, passed through to San Francisco from Virginia night before last.

Thanks.—Our thanks are due Mr. T. W. Norcross for a generous supply of watermelons and muskmelons, which were grown on his fine ranch south of Reno. Mr. Norcross' fruit is far superior to any grown in California.

Another Livery Stable.—The old Woodruff & Ennor stable on Centre street is being removed to Virginia street, where it will be fitted up and used as a livery stable by Louis Dean.

Poor Shep.—Some miserable scoundrel has poisoned "Shep," the favorite dog of the town. If Nels Hammond could lay his hands on the fellow who done it, he would crush him to pieces.

The news of the suspension of the Bank of California produced the utmost excitement and confusion in the Gold and Stock Exchanges in New York, amounting to almost a panic.

Episcopal Church.—Bishop Whitaker will officiate at the Court House to day at 11 a. m. and 7 p. m. All are cordially invited. Sunday School at the usual hour.

Our Public Schools.—To-morrow our public schools will open for the Fall term. Have the children ready to be at their post promptly.

Rev. W. J. Clark will preach at the Congregational Church, at eleven o'clock this morning, and in the evening at 7 o'clock. All are invited.

Divine services will be held in the M. E. Church to-day, at 11 a. m. and at 8 p. m., also Sabbath school at 2 p. m. Rev E. C. Arnold, Pastor.

Our Supreme Court meets to-morrow in Carson. Reno lawyers take notice.

Selling out at cost to make room for a large Fall stock! I am now selling out at cost all kinds of boots and shoes, including gents fine single sole sewed and screwed boots. Ladies French kid balmorals and button boots. K T balmorals, children's school shoes and infant's dress shoes. Call and examine and you will be satisfied that I am selling at cost. John Sunderland.

Notice.—Mr. Nels. Groenman is no longer our authorized agent. Our patrons will govern themselves accordingly. Su Lee & Co. *

BUILDING IMPROVEMENTS.

The Extension of the Town West and North—Some of the New Buildings—The March of Improvement.

There never was a time in the history of Reno when so many buildings were in course of erection. The most favored spots are the Western and North Addition, and eligible locations in these sections are eagerly sought after, which are beginning to present a decidedly aristocratic appearance. During the past three months real estate on these Additions has increased more than fifty per cent. in value, and is still advancing. It is a matter of pride that Reno has ingratiated herself into the good graces of people who are content to take up their permanent abiding place in a town whose natural resources must eventually command capital to seek investment, and which offers a haven of rest to all who are seeking the comforts of a home. Among the many new residences now being erected or contemplated are the following:

John Boyd is making preparations to put up a nice residence on the north side of the track near the lumber company's depot. He is now excavating for the foundation.

J. B. Hogle, of Clipper Gap, Cal., is building in the North Addition. The house will be finished next week, when he will bring his family here.

Wm. Dickens, with Manning & Duck, has just completed a nice little cottage in the North Addition which he has rented to some folks from the East.

Sam Latlan has purchased three lots in the North Addition and will proceed at once to build tenement houses. Sam don't see much money in county script at present prices, and can't afford to have his money lie idle.

J. A. Blethen is putting a very fine house on North Virginia street, in the North Addition. It will be an ornament to that section of town.

Lawrence McKernan is at work on his house in the lot adjoining Mr. Blethen's. His will be a cosy little place.

N. C. Hasland has lately purchased an entire block in the Western Addition, which he will improve shortly.

The residence of J. H. Borland in the Western Addition will soon be ready for occupancy.

Mr. Higgins' house is under good headway. It will be pushed with all possible haste.

Mr. Bristol is about ready to move into his home.

Commissioners.—The Board of County Commissioners will meet on Wednesday next, and not on the first Monday in the month as has been heretofore stated. All concerned will note this and govern themselves accordingly.

The delinquent sale of certain Cleopatra mining stock has been postponed until September 8th.

District Court.—The District Court will meet on the first Monday in September, and not to-morrow as erroneously stated by our evening cotemporary.

THE SEMINARY.

Its Success Insured—Reno the Best Place for It—To be First Class in Every Respect—A most worthy Enterprise—No More Need of Sending Children to California to School.

The meeting held last Friday evening was in all respects a successful one. The room was well filled by the substantial men of the town, who evinced much interest in the enterprise and expressed a determination to help all they possibly could, in the way of subscription, to ensure its accomplishment. The talk of Bishop Whitaker was plain and full of common sense. He said that Reno possessed advantages that no other point in the State could produce, such as healthful climate, permanence, fertility of soil, accessibility and enterprise, all of which were desirable; that he favored the Female Seminary project in preference to a mixed school, quoting the experiences of several eminent teachers as his reason for this; that Nevada ought to afford its children equally as good advantages as California did; that the school would attract the best class of settlers to come here and locate; that he already had the pledge of a New York lady for $10,000 on condition that as much more was raised, of which he already had $1,000 in gold coin in his possession, leaving only $9,000 to be raised; that Storey county would help to raise the money as it favored the Reno enterprise. In short he saw no reason why the building should not be commenced in the Spring and be ready for occupancy by the opening of the Fall term of 1876. The citizens were much interested in all the remarks and asked several questions, all of which the Bishop answered satisfactorily. The Committees, which we published yesterday, are all good men, and will take an interest in the completion of the edifice. It is the intention that the school shall be first class in all its appointments, and that its moral and social standing will be so high that all parents will not hesitate to send their children to it. We know that the citizens of the State generally will take hold of this important matter and erect a temple of learning that will be an honor to the State.

PROCLAMATION!

Chicago and Northwestern Railway!

IS THE POPULAR ROUTE OVERLAND TO the East. Passengers for Chicago, Niagara Falls, Pittsburg, Philadelphia, Montreal, Quebec, New York, Boston or any point East, should buy their

Trans-Continental Tickets

Via the Pioneer Route,

Chicago and Northwestern Railway.

THIS IS THE BEST ROUTE EAST.

Its track is of STEEL RAILS, and on it has been made the fastest time that has ever been made in this country. By this route passengers for points east of Chicago have choice of the following lines from Chicago.

By the Pittsburg, Fort Wayne and Chicago and Pennsylvania Railways—three through trains daily, with Pullman Palace Cars through to Philadelphia and New York on each train. One through train, with Pullman's Palace Cars, to Baltimore and Washington.

By the Lake Shore and Michigan Southern Railway and Connection, (New York Central and Erie Railroads)—Three through trains daily, with Palace Drawing Room and Silver Palace Sleeping Cars, through to New York.

By the Michigan Central, Grand Trunk, Great Western and Erie and New York Central Railways—three through trains, with Pullman Palace Drawing Room and Sleeping Cars through to New York, to Niagara Falls, Buffalo Rochester or New York City.

By Baltimore and Ohio Railroad—Two through trains daily, with Pullman Palace Cars, for Newark, Zanesville, Wheeling, Washington and Baltimore, without change.

This is the shortest, best and only line running Pullman's celebrated Palace Sleeping Cars and Coaches, connecting with the Union Pacific Railroad at Omaha from the West, via Grand Junction, Marshall, Cedar Rapids, Clinton, Sterling and Dixon, for Chicago and the East.

This popular route is unsurpassed for Speed, Comfort and Safety. The smooth, well ballasted and perfect track of steel rails, the celebrated Pullman Palace Sleeping Cars, the perfect Telegraph System of moving trains, the regularity with which they run, the admirable arrangements for running through trains to Chicago from all points West, secure to passengers all the comforts of modern Railroad traveling. No changes of cars and no tedious delays at ferries.

Passengers will find tickets via this favorite route at the General Ticket Offices of the Central Pacific Railroad in San Francisco and Sacramento and to all the Ticket Officers of the Central Pacific Railroad.

DR. A. B. SPINNEY,

The Celebrated Specialist,

Well-known as founder of the Montreal (C. E.) Medical Institute and late Proprietor of the SPINNEY VILLE INFIRMARY, would most respectfully inform his patients and the afflicted generally that he still continues to treat chronic and private disease with unparalleled success.

LADIES AND GENTLEMEN,

Remember, that procrastination is the thief of time, so

COME AND BE HEALED!

It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

YOUNG MEN!

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit one hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its ill effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

MIDDLE-AGED MEN!

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin and milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. All letters, or communications, strictly confidential.

Office Hours—10 to 1, 2 to 4, and 7 to 8. Sundays, from 2 to 4 only. Consultation, Free. Thorough examination and advice, $5.00.

Office, No. 188 SOUTH C STREET, Virginia City, where he will be pleased to consult with all who may be suffering, from Chronic or Special Diseases.
